

MALE CONNECTORS RKF-M608

*fully reinforced with
copper sleeve - PA6.6 insulated terminals*

Manufactured from brass strip
Electrolytically tin plated
Fully reinforced with copper sleeve, funnel entry

MALE CONNECTORS RKF-M608

Technical characteristics

PROPERTIES

Colour	Red
Width	6.35 mm
Pack qty	3,000
Min. pack qty	100
Height of the hooked	0.8 mm
Dimensional form	Male terminal
Min operating temperature range	-20 °C
Max operating temperature range	105 °C
Max operating temperature range (surge)	110 °C
Halogen Free	yes
Easy entry	yes
Dimensional form	Male terminal
Material (Body)	Electrolytically tin-plated brass
Material (Partially reinforced)	ETP Copper electrolytically tinned
Material (Partially reinforced)	Polyamide PA6.6
