

UNINSULATED ROUND PIN CONNECTORS A3-P22R

for Copper conductors

□ A-PR series pin connectors are designed to terminate conductors into contact blocks.

They are manufactured from Copper strip with a purity greater than 99.9%, rolled, brazed and Tin plated.

UNINSULATED ROUND PIN CONNECTORS A3-P22R

Technical characteristics

	Properties
Width	4 mm
Length	32 mm
Diameter	5.9 mm
Pack qty	1,000
Min. pack qty	100
Pin length	22 mm
Material (Body)	ETP Copper electrolytically tinned
Dimensional form (Fixing)	Pin terminal
Min operating temperature range	-50 °C
Max operating temperature range	150 °C
